

UPPER KEY STAGES and EXAM GROUPS

The Church of St Mary and St Giles welcomes those who wish to the study art and design here. We have a fine building, which combines a 15th century tower, a Georgian nave and an apse added in 1928. In addition we have an adjoining Parish Hall, which was completed in 2011.

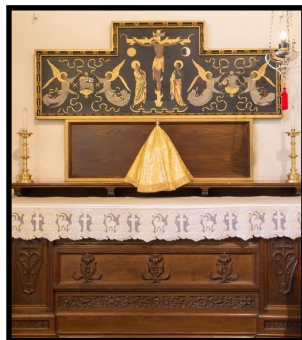

The simple design of the newly commissioned casework for the recently restored Willis organ contrasts with the intricate designs of the stained glass windows.

and lectern as well as unusual slender pillars which do not hold up the roof! Students wishing to study any of these features, would be extremely welcome.

We have carved pulpit, responds

The church also houses an exquisite Reredos by Comper in the Blessed sacrament Chapel and a modern icon of St Giles.
