

MUSIC FOR THE VERY YOUNG

Music is fun! It lifts the spirits of all ages and creates responses in us that can be beyond words to describe. At Music for All @ SMSG we are passionate about giving the very young a variety of musical experiences. We positively encourage parents, grandparents and carers to bring children to our concerts (particularly the day-time concerts) and events. We love them to sing along, dance, engage and get a closer look.

We also put on events especially for young children, but we are happy to devise an event for particular groups. We are keen for the young to join in and make their own music using a variety of tuned and untuned percussion instruments.

Please contact events@musicforallsmg.org for more details and to plan a bespoke musical experience with our Events Team.
