

Pipes of the month

Christmas special

2ft Fifteenth (Great)

2²/₃ft Nazard (Choir)

8ft Dulciana (Choir)

8ft Vox Angelica (Swell)

16ft Waldhorn (Swell)

Our Christmas special feature pipes which help make the Advent and Christmas music really beautiful to enhance the message of the season.

The 2ft Fifteenth in the Great organ are diapason pipes which give an effect of brilliance in any combination with other pipes.

The 2²/₃ft Nazard in the Choir organ is a beautiful solo flute sound which also can be used in combination with the Tierce and Piccolo pipes to create a cornet sound.

The 8ft Dulciana in the Choir is a quiet diapason sound which can be used as background for prayer with an even tone and resonant singing quality.

The 8ft Vox Angelica in the Swell is a soft accompaniment tone which can be used for a very quiet start to the music.

The 16ft Waldhorn is a reed which sounds like a hunting horn in the forest which also blends well with the other reeds and flues, making a rich sonorous tone.
